

Be Recognized on the Trail

Your donation to purchase a symbolic metre of Nova Scotia trail will enable us to build additional trails and maintain our existing trail network in top condition. All funds raised will be invested in our province.

You will receive a personalized Trail certificate and a tax receipt for your donation. You have the option to designate your donation to a community or community trail group of your choosing. Each donation will be acknowledged with appropriate community recognition of your name, the name of a friend or in remembrance of a loved one, or the name of your company, school or organization by the community trail group.

In today's fast paced world we are all striving for healthy lifestyles and well being. The world class trails that we are building in Nova Scotia are a great resource for active living. Hundreds of Nova Scotians have volunteered thousands of hours to date. With your help we will be able to offer new and exciting outdoor opportunities for our citizens and our visitors.

The Nova Scotia Trails Federation (NS Trails) is a not-for-profit organization that acts as the governing body for community trail groups throughout Nova Scotia. NS Trails helps community trail groups to build, maintain and manage trails.

Trails throughout Nova Scotia range from remote hiking trails to shared-use trails, which accommodate as many as five outdoor recreational activities such as walking, cycling, horseback riding, cross-country skiing. Under certain conditions some community groups permit the use of snowmobiles and ATV's on their trails.

With more than 300,000 Nova Scotians using trails, NS Trails provides a medium for channelling communication, ideas, queries and information between all parties involved in trail construction, administration, regulation and trail usage. Since much of the land in Nova Scotia is owned or used by private interests, we promote cooperation and understanding between land-owners and trail users. We also encourage coordination and collaboration between trail user groups.
